

Jimmy Carter National Historical Park Museum

FREE VIRTUAL TOURS

“Our commitment to human rights must be absolute, our laws fair, our national beauty preserved; the powerful must not persecute the weak, and human dignity must be enhanced.”

Jimmy Carter, 1977

The education staff at the JCNHP invites you to join us for a virtually guided tour through the life and legacy of President Jimmy Carter. The tour will include highlights of his life as a child of the great depression, his accomplishments as president, and his journey to becoming a world-renowned humanitarian and champion for civil rights and peace!

Guided museum tours of historic Plains High School are customized for all grade levels to compliment state Social Studies and History standards. Questions from students are encouraged during the tour. Curriculum resources and activities are provided for teachers to use with students to prepare them for the virtual visit with education staff.

To schedule a FREE guided virtual tour contact:
